For Immediate RELEASE

Compass Control® Technology Now Compatible Fusion Research Play-Fi

Bi-directional driver gives integrators a plug-and-play solution

Mount Vernon, NY. **Key Digital, Inc.** –December 18, 2015– Key Digital, an award winning (CES, CEDIA, InfoComm, NAHB) developer and manufacturer of leading-edge technology for HDTV applications, has announced that Fusion Research Play-Fi is now compatible with the Compass Control System, the first fully integrated major control system built from the ground up to use Apple's iOS devices – iPad®, iPad mini®, iPhone®, and iPod touch® – as its backbone.

Key Digital has developed a bi-directional driver and a pre-configured GUI module with metadata feedback for their Compass Control® system. The Fusion Research Play-Fi driver supports multi-zone syncing, queue management, and streaming services such as FM Radio and My Apps. Compass Control will auto-populate your Play-Fi Zones, Sources, and Music Library.
